

DA305

Mild steel enclosure
 With vents & LED indicators

A large empty metal enclosure with a tamper switch and is fitted with an indicator board that provides 'Mains' on and 'Fault' LED Indicators. Designed to house either the DA370 or DA380 (3 Amp or 6 Amp) power supplies. The case has mounting studs to fit either power supply and allows enough room to fit 2 x 24Ah VRLA batteries. An alternative use for this product is simply as a large battery enclosure.

Environmental	
Operating temperature	-10°C to +60°C
Storage temperature	-20°C to +70°C
Operating relative humidity	Maximum 95% non-condensing
Dimensions*
