

DA318

6-Way Junction box
With lid tamper

These junction boxes are constructed with powder coated mild steel and protected by a lid tamper switch. Ideal for flush or surface mounting these units are fitted with terminal strips in addition to a separate earth terminal to allow easy cable connection.

Typical uses include termination of multi-way alarm / access system cables.

Contacts	
Voltage	Maximum 30V
Current	Maximum 3A
Connection type	PCB terminal block (2.5mm ²)
Connections	6 + Earthing point
Environmental	
Operating temperature	-10°C to +40°C
Storage temperature	-20°C to +50°C
Operating relative humidity	Maximum 95% non-condensing
Dimensions*	
Width	75mm
Height	75mm
Depth	45mm
Weight	< 0.15Kg
Enclosure material	Mild steel
Finish	Grey
Other	
Tamper switch estimated operations before failure (MTBF)	100,000
CE Approved	Yes
Lid tamper	Yes
