

DA280

Signal line remote indicator

This unit has a green LED and a red LED per channel. The unit also features an internal sounder with volume control (adjustable internally on installation) that can be silenced with the push button. Typical uses include installation into a managers office or a security gatehouse to monitor systems such as alarm status or entries and exits such as fire doors.

Input	
Voltage	10.5 to 14V DC
Power consumption	< 55mA
Connection type	PCB terminal block (2.5mm ²)
Environmental	
Operating temperature	-10°C to +40°C
Storage temperature	-20°C to +50°C
Operating relative humidity	Maximum 95% non-condensing
Dimensions*	
Width	187mm
Height	136mm
Depth	Head: 72mm Base: 65mm
Weight	< 1.35Kg
Enclosure material	Mild steel
Finish	Powder coated RAL 9016 (White)
Other	
Estimated mean time before failure (MTBF)	50,000 hours
CE Approved	Yes
Lid tamper	Yes
Internal battery	6V NiMH
CAUTION: Compatible battery packs should only be obtained from Dantech. Connecting alternative batteries (such as configurations of standard AA types) are likely to heat rapidly and explode.
